abstract

Ministry of Culture & Tourism and Korea Culture & Tourism Policy Institute have been conducting surveys concerning arts and culture including this "Survey on Cultural Enjoyment". The objectivity of this survey lies in bringing forth how and to what extent Koreans consume arts and culture, and building a systematic database in this area. This survey running every three years has been undertaken since 1988, making it the 6th survey of the series.

Survey Contents and Methodology

This survey falls into 8 categories with a total of 29 questionnaires (157 including sub-questions). The 8 categories are: leisure activities, arts and culture activities, education regarding the arts and culture, use of cultural facilities, cultural consumption activities, visiting places of historic interest, participation in folk festivals, and participation in online cultural events. In order to identify the socio-demographic characteristics of the respondents, they were classified by sex, age, city size, region (city/province), education, occupation, and average income per household.

The population of the survey was Koreans above the age of 15 (except on Jeju-do Province). The sample with 2,000 was selected through multi-stage random sampling. This survey was conducted from August 11th through September 11th in 2003. Each respondent was interviewed, with a reliability level of 95% and a sampling error of $\pm 2.2\%$.

Findings of the Survey

The findings of the survey were as follows:

1) 38.9% of the respondents reported that they spent their spare time in "Watching TV or Rest at home" weekdays, 26.4% weekends and holidays.

2) Findings regarding arts attendance per year were followings: 53.3% of the respondents went to the movies at least once in 2002; 11.1% of them attended the theater; attendance at art exhibitions marked 10.4%, while pop music concerts 10.3%; 6.3% reported attendance at classical music concerts & opera, 5.2% at traditional arts performances, 4.0% literary events, and 1.1% dance performances.

4) 11.6% of the respondents took private classes regarding the arts and culture. 40.1% of them were interested in taking classes on the arts and culture in the future.

5) The percentages of using cultural facilities per year were followings: 16.0% of the respondents visited libraries, 11.6%(10.6%) art centers, 11.5%(10.8%) museums, 9.6%(8.3%) city/county public centers, 5.5%(4.6%) welfare centers, 4.6%(4.4%) cultural centers, 4.4%(3.6%) youth centers, 2.4%(2.1%) cultural center(munhwagwan) and 1.8%(1.7%) socio-cultural lectures in college. Parenthesis indicates participation in exhibitions, performance and cultural lectures.

6) 6.5% of Koreans participated in volunteer activities related to the arts and culture and the average number of participation per month was 2.08

7) 49.1% of Koreans visited places of historic interest, and 80.4% of them were interested in visiting there in the future.

8) 40.4% of Koreans took part in folk festivals, and 74.0% of them were interested in joining them in the future.

9) 45.3% of Koreans have used the Internet website related to arts and culture
